Senate Rejects Amendment Permitting Sale of Beer at Army Post Exchanges.

MEASURE RECEIVES BUT SCANT SUPPORT

Pettigrew Sustains His Reputation as the Boss Kicker by a Baseless Attack on the President and Attorney General.

WASHINGTON, Jan. 9 .- The army canteen is to be abolished, as the senate today, by a very decisive vote, concurred in the house provision relative to the army canteen. Only fifteen votes could be mustered in the senate in favor of the canteen, while thirty-four were cast against it.

Most of the time today was occupied by Senators Teller of Colorado, Pettigrew of South Dakota and Butler of North Carolina, who all opposed the adoption of the senate committee's amendment which provided for the continuance of the canteen.

Beyond disposing finally of the canteen question the senate accomplished little and it seems doubtful whether a final vote upon the measure will be reached before Friday

or Saturday. The reapportionment bill was received from the house of representatives and referred to the committee on census.

Mr. Lodge of Massachusetts offered a resolution caling on the president, if not incompatible with the public interest, to furnish the senate copies of all papers and correspondence in the Department of State subsequent to July 1, 1897, relating to the action taken by that department to obtain an adjustment of the claims of B. R. Henry and other American citizens against Great Britain in regard to lands in the Fiji islands: also whether any action has been taken in pursuance of a resolution of the committee on foreign relations adopted by the senate June 4, 1896.

Army Bill is Taken Up.

At the conclusion of the routine business, consideration of the army reorganization bill was resumed, the pending question being upon the committee amendments striking out the house provision, abolishing the canteen or post exchange in the army.

Mr. McCumber of North Dakota in a carefully prepared argument attacked the amendment and urged the adoption of the Hawley, house provision abolishing the canteen. He declared that a great majority of the deaths in the army were due either directly or indirectly to the use of intoxi-

Mr. Teller of Colorado said that no attack was being made upon the post exchange, but merely upon the beer-selling intoxicating liquors by any person in any part of the exchange. He declared his post exchange or canteen or army transbelief that the canteen system was vicious port or upon any premises used for miland believed that the great majority of the American people held the same opinion. hereby prohibited. The secretary of war The Colorado senator maintained that the excessive use of beer was one of the most degrading phases of intemperance. The statement that the saloen interest was back fairs committee, offered an amendment

the senator cannot prove that it is true." Adverting to the situation in the Philip- Mr. Hale, held a brief executive session and pines, Mr. Teller declared that the United then adjourned. States was cursing the people of those Islands with a curse as "vicious and vile as WEST POINT HAZERS ARE SAFE any the Spanish ever placed upon them." It was, he said, within the power of the president and within the power of congress to destroy government encouragement of ng the soldiers of the American army and the Filipinos. He directed attention to a statement of President Schurman of the old Philippine commission to the effect that one of the most demoralizing influences taken to the Philippines by the United States was the American saloon. He said that the few thousand Americans in Manila drank more per capita that the same number of Americans anywhere.

Lodge Deprecates Saloons in Manila. Mr. Lodge inquired if it was not a fact that the government of the United States had nothing to do with the saloons established in Manila; that the army canteen was an entirely different matter

Mr. Teller replied that that was true, but that it was within the power of the president to close every saloon in Manila as soon as a cable could reach the city. Lodge deprecated the establishment in Manila of the American barrooms which

army. He said: "If there be any way to close them I would favor it heartily."

Mr. Gallinger said that he had been told by a prominent officer of the army that the 400 or 500 American saloons in Manila were licensed by the American government and he believed they could be completely abolished.

"I do not know the reason for the condition in Manila," said Mr. Lodge, "but I do know that under the command of General Ludlow the establishment of saloons was absolutely stopped in Havana."

"I never heard any complaint of this thing when I was in Havana last spring." said Mr. Teller, "or anywhere in Cuba. But this condition of affairs exists in Manila." Mr. Foraker, explaining that he was compelled to be absent from the chamber during the remainder of the day, said that if he were present when the amendment was voted upon he would vote against the committee amendment which continues the the president had passed a comfortable

Mr. Lodge gave notice of an amendment prohibiting the importation of distilled appeared, but from the nature of the dis- said: liquors into the Philippines, except for ease the president would be compelled to been one of the greatest factors in the medicinal purposes. Mr. Pettigrew made a characteristic at-

CANTEEN'S LAST CHANCE GONE tack upon the pending bill, devoting some time to a criticism of the senate committee for not bringing into the senate a more elaborate report in support of the measure. He urged that the report submitted dealt almost exclusively with the canteen provision, while the far greater question of the proposed increase of the army to 100,000 men was passed by with only a brief para graph. He was not opposed, he said, to the WAS OVERLOOKED BY HOUSE COMMITTEE post exchange, but he was opposed to the sale of liquor in the post exchange, which he declared, had become "nurseries of drunkenness and kindergartens of prof. ligacy.

In the course of his remarks Mr. Pettigrew said that the president had refused to obey the act of congress prohibiting the sale of liquors on any reservations and had 'directed his attorney general to write an opinion in support of his refusal."

"Oh, now, the senator does not mean that the president dictated to the attorney general the nature of the opinion he should write," protested Mr. Spooner of Wiscon-

"Well, I don't know whether he did of not," responded Mr. Pettigrew. "I would not say that he did, then," suggested Mr. Spooner.

Mr. Pettigrew read and commented upon the opinion of the attorney general upon the law relating to the canteen.

Not in Need of Advice. "The president certainly cannot be in need of the advice of an attorney general the law unless he is desirous of an excuse year 1902, for which congress is now apfor violating an act of congress," he said. propriating. The house bill for the payment of electoral messengers, carrying \$12,700, was

passed. Mr. Butler of North Carolina then addressed the senate in support of the house into the history of the establishment of the provision of the bill relating to the can-

for Indian Supply Depot.

President of Nebraska State Board of Agriculture is to Be Heard Today on the Grout Olcomargarine Bill.

WASHINGTON, Jan. 9 .- (Special Telegram.)-The subcommittee of the senate Indian appropriation bill, voted today to insert an amendment providing for an appropriation of \$5,000 for the Indian supply depot at Omaha, which was opened for business December 31. Inadvertently an appropriation for the depot provided by law several years ago was left out of the present bill by the house committee. Senator Thurston called the attention of the Indian office to the omission, and they promptly stated that the item in the book of estimates for 1902, had been overlooked, and as the secretary of the interior had recommended \$8,000 in the budget for 1901, corresponding capable of placing such a construction upon sums should be appropriated for the fiscal

Allison S. Huston was today appointed Neb., vice D. A. Gove, removed.

WASHINGTON, Jan. b .- The house con sidered the river and harbor appropriation bill today. General debate extended throughout the day. Mr. Burton, who is in charge of the bill, made an elaborate explanation of its provisions. Several western members ascalled it for not containing provisions for irrigating reservoirs and Mr. Corlies of Michigan attacked it for not give ing proper recognition to the Great Lakes deep waterway project.

In reply to a question by Mr. Hepburn of lowa Mr. Burton said the sundry civil bill would carry about \$8,000,000 on contracts committee on Indian affairs in charge of the previously authorized. The total of direct appropriations for rivers and harbors for the fiscal year would aggregate about \$32,-000,000. He devoted some time to giving the committee's reasons for abolishing the Missouri river commission. Over \$100,000,-000 had been expended on the river, he said, with only trivial development of navigation. It had less commerce today than it had thirty years ago.

Mr. Clark of Missouri asked if the com mittee would oppose an amendment to allow the riparian owners along the Missouri river

o build dikes or wing dams. Mr. Burton replied that for himself h would not oppose such an amendment. He thought private owners could best determine what should be done. In order that the Missouri should not be entirely neglected, he added, the bill carried \$300,000 for that portion of the river below Stoux City and \$50,000 for that portion above the

"Would the gentleman oppose an amendnent to confer upon the secretary of war authority to use the appropriation to confine the Missouri river within its present limits?" asked Mr. Hepburn.

"I should hesitate to accept such as amendment," replied Mr. Burton. "I would regard that as impracticable owing to the length of the river. The appropriation would be entirely inadequate to accomplish any general results." Mr. Wilson of Idaho asked why, as the

committee proposed to repeal the project for a hoat railway from the Dalles rapids to Celilo falls, Washington, it had not provided for the alternative proposition of the engineers for a system of locks and dams? "Because a system of locks and dams would cost \$4,000,000," replied Mr. Burton. "We provide for an expenditure of about \$2,000,000 at the mouth of the Columbia in probably be heard tomorrow by the senate this bill. If the \$4,000,000 were added the title of this bill would have to be changed which Senator Proctor is chairman, which to a bill 'for the development of the Colum-

Rectaining Arid Lands.

Mr. Mondell of Wyoming produced figures to show that if the money expended upot the Missouri and Mississippi had been used to reclaim the arid lands of the west it would have been sufficient to build com prehensive reservoirs at the head of those streams which would have prevented floods and insured navigation throughout the year. From this he argued that the government should immediately enter upon the reclaiming of arid lands in the west. Mr. Bell of Colorado argued along the

same lines and gave notive of an amendment he should offer to appropriate \$300,000 for reservoirs at the headwaters of the Platte and Arkansas rivers.

cate his antagonism to the measure. I have He contended that with some exceptions fied that the impression so created in Ne-braska dairy circles is wrong, and that the cited the appropriation for the Erie basin. termed a purely local improvement provided for, and declared that the appropriation for Buttermilk channel, New York, was for the benefit of property holders along the Brooklyn water front. He urged tary of the National Dairy union, regarding that immense sums of money could be saved in improvements on the Great Lakes and the navigable depths of the lakes could be increased by raising the level of the lakes by a system of dams. The dams, he said, would raise the depth of the lakes

at low water two feet. Mr. Bishop of Michigan replied to Mr. Corliss, denying that the committee had shown favoritism to particular localities

"It is easy enough for a member to get up here and scold," said he, "if he has been disappointed in getting something he

H. C. Smith of Michigan remarked sarcastically upon the lack of harmony in the Michigan delegation. Mr. Newlands of Nevada spoke in favor of a provision in the bill for reservoirs

much as for navigation.

Confirmed by the Senate. WASHINGTON, Jan. 9 .- The senate today confirmed the following nominations:

F. R. Mowrer of Ohio, consul at Antigua. Oscar F. Williams of New York, consulgeneral at Singapore. J. E. Boyd, United States district judge of the western district of North Carolina. Jacob Triber, United States district judge for the eastern district of Arkansas.

Rodney G. Clarke, to be postmaster Deming, Grant county, N. M. Nolen L. Chew of Indiana, to be deputy auditor for the postoffice department, to succeed Abraham L. Lawshe, resigned. Cyrus F. Adams of Illinois, to be assistant register of the treasury, to succeed Nolen L. Chew, transferred.

Want Open Door Maintained. WASHINGTON, Jan. 9. Senator Lodge presented to the senate a memorial signed by thirty-eight manufacturers of cotton county, Ia., on the same date, covering an their approval of the action of the United memorial the signers say their trade has increased in recent years to such an extent that interference in China by any European government would tend seriously to injure the cotton manufacturing industry. They urge the necessity of maintaining the open-door policy, especially in Manchuria.

in St. Joseph Hospital.

GENERAL SHAKEUP IN WESTERN LEAGUE

Sionx City Franchise Transferred to Minneapolis, and Sioux City and Pueblo Will Contest for Honor of Staying in League.

ST. JOSEPH, Mo., Jan. 9 .- (Special Telegram.)-Buck Keith, one of the best known base ball men and part owner of the Omaha team, is severely ill at St. Joseph's hospital here tonight, from blood poisoning. The first of the week he underwent a sur gical operation at Omaha and to all appearances it was very successful. Mr. Keith felt so well after the performance that he came to St. Joseph to attend the Western league meeting yesterday. He was unable to leave the sleeper without assistance. Friends took him to the Metropole hotel, where he suffered intense agony all day yesterday, and last night the services of Dr. Charles Geiger were culisted. After watching the progress of the case Dr. Geiger was convinced that blood poisoning had set in, and the patient was re moved to the hospital for a surgical operation. Considerable decayed and diseases flesh was removed from the base of the spine by the surgeons, and a short time afterward the patient appeared much better. He is resting under opiates tonight. The attending physicians say he will prob ably recover if the utmost precaution taken. However, they add that a fatal turn may occur any time. Relatives of the patient have been notified of his alarming ondition.

The Sloux City franchise has been trans ferred to Minneapolis, and Sloux City and Pueblo will contest for the honor of remaining in the Western league. This was decided at the meeting of the base ball magnates in this city Tuesday, but the facwas kept secret until today. President Hickey in his statement to the press de nied all knowledge of the transfer, but man who attended the meeting says this setion was taken. Of Sioux City and Pueble the one offering the best inducements will be selected. The franchise is to be sold at auction, as it were. The indications are that Sloux City will be dropped. The fact that the Sioux City franchise has been transferred to Minneapolis explains why President Hickey was instructed to go to that city as soon as possible after Tucslay's meeting.

"Hence it is a prophylactic as well as a remedy in Nephritic Colle and forming Calculi, when the to a redundancy of Lithic Acid."

The late Dr. Wm. F. Carrington, Resident Physician, Hot Springs, Ark. Surgeon (retired) U.S. Navy. Surgeon Contralerate States Navy.

"BUFFALO LITHIA WATER Spring No. 2, has signally demonstrated its remedial power in Gout, Rheumatic Gout, Rheumatism. Uric Acid Gravel, and other maladies dependent upon the Uric Acid Diathesis.

"It not only eliminates from the blood the deleterious agent before it erystalizes, but dissolves it in the form of Calculi, at least to a size that renders its passage along the oreters and are three comparatively easy." Springs I and 2 have a common adaptation in all Uric Acid Conditions. Spring No. 1, however, is both a b ood and nerve tonic, and wherever there is pancity or poverty of the blood, or nervous debilty or exhaustion, is most espcially indicated. In the absence of these symptoms, No. 2 is generally preferred

BUFFALO I ITHIA WATER is for sale by Grovers ad Druggists generally. imputation, or questions, sent to any address PROPRIETOR BUFFALO LITHIA SPRINGS, VIRGINIA.

DOCTOR Searles & Searles

Consultation Free, Treatment by matt Call on or address, 119 S. 14th St.

what you Dyspepsia Cure

It is often argued that when the stomach is unable to digest the regular amount of food, less should be eaten; but such a plan can not remedy the cause of indigestion -a weak stomach. Of course, the less food eaten, the less work will there be for the stomach to do. But at the same time there will be less nourishment furnished, and that means general weakening of all the organs of the body-for we can't maintain strength on half rations.

If we are to cure dyspepsia, we must do it in some other way besides depriving the body of its required amount of nourishment. The only other way is to eat plenty of good food and digest it by using a preparation that will perform that work for the stemach. KODOL Dyspersia Cure is such a preparation. It digests what you eat and supplies the substances needed to build up the worn out digestive organs. It is an absolute cure for indigestion and all stomach troubles.

Mr. C. Lindimore, of Piper, Mo., writes: "I was troubled with stomach trouble for overtwo years. I tried five doctors, one of them a specialist on stomach diseases; but Konon Dyspersia Cure has done me more good than all of them."

It can't help but do you good Prepared by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2% times the 50c. size.

You spend Orangeine half your lifetime

in your office. Why stand the aggravation of dirt and cold-of miserable elevator service-bad light and ventilation? There is no office building in the town kept

The Bee Building

The best is none too good for you, and you will find it a good business investment to take a half hour and look at the three or four vacant rooms. We keep them filled.
